- M. Festival Directors are appointed by the President with approval of the Executive Board. Potential Festival Directors will be pulled from either the Extended Board or individuals who have had extensive experience and are capable of administering a festival. The MCCGA Representative serving as Festival Director at a festival will be compensated on a scale voted on by the Full Board. When practical, the Festival Director will not have a unit at the festival.

The job of Festival Director requires the assigned person:

- to act as a contact for the festival host in the weeks leading up to a festival
- be responsible in delivering either the tabulation program on disk or on a circuit laptop
- be responsible in instructing and monitoring the tabulation throughout the festival
- sign-off on timing penalties

- O. In any Festival or at the MCCGA Championships, any class that has more than 14 units performing shall be divided into equal rounds with not more than 10 units in each round. Each round will be a separate “festival” for purposes of rating, ranking, and awards.

Exhibition performances will not have commentary or scores provided by the adjudication panel and such performance would not count for eligibility for MCGA Championships.

- Q. At all MCCGA events, scores will not be announced for any unit in the JH/MS class. Scores will appear on recaps and judges’ sheets distributed the day of the festival, but will not appear on the MCCGA website or any other form of distribution. except other unit directors. At Championships, only rankings will be announced.

- R. Festival hosts are required to utilize a high quality sound system.

V. ELIGIBILITY

2010 Season
Color Guard Rule Book,
General Festival Information, and Policy Statement

- A. Color guards composed of members not over age twenty-two (22) as of 12:01 A.m. of the date of their respective competitive class finals performance at the MCCGA Championships shall be permitted to perform in Festivals governed by MCCGA, except in Independent World Class, where there is no age restriction. Each unit appearing at a MCCGA Festival shall be prepared to show proof of members' ages (e.g. copies of Birth Certificates).
- B. Color guards whose total membership comes from the same school or schools that feed into that school and abide by the age rule may perform in the scholastic class provided by the MCCGA. Each school unit appearing in a MCCGA Festival in a scholastic class shall be prepared to show proof of enrollment in sponsoring schools (e.g. school ID cards, yearbooks, etc.).
- C. Each scholastic color guard should comply with eligibility requirements set forth by its respective state activities association (e.g. Missouri State High School Activities Association, Kansas State High School Activities Association, etc.) and school district.
- D. No guard member may perform in more than one (1) color guard from the same sponsoring organization. – Please note that WGI rules will apply if your unit is performing at WGI regionals. Performers and directors should be aware of any state or local activities association's rules, which may not allow this.
- E. Any high school student whose high school's winter guard unit is a member of MCCGA may not perform with an independent unit without the written permission of the high school guard/percussion/band/sponsor/director. Such permission must be filed with MCCGA (to the attention of the MCCGA Treasurer) prior to the student participating with the independent unit. It is the high school director's responsibility to inform the Board of this type of situation.

PENALTY: Disqualification – Any unit violating any requirement in the ELIGIBILITY section shall be disqualified and its position/standing in the Festival shall be forfeited.

VI. UNIT CLASSIFICATIONS

- A. All scholastic units must adhere to the scholastic eligibility rules of WGI and their appropriate High School Activities Association (e.g. MSHSAA, KSHSAA, etc.).
- B. Definitions: All definitions are general. More goes into the selection of classification than falling into specific guidelines. Considerations should include experience level of performers and/or designers/instructors; anticipated level of performers; past success of the group; etc. Refer to WGI manual for further discussion of classification.
- C. The MCCGA classification strategy has one main goal:
Provide a consistent and fair grouping of units achieving at a similar level while encouraging their future development. This goal can be met by doing the following:
 - Provide unit management and staff with clear descriptions of the qualities of guards in each class.
 - Provide incentives for guards to move into the higher levels of classification.
 - Provide mechanisms for the circuit to ensure consistent and fair groupings.
 - Provide an appeal process for guards that feel they are unfairly classed.
- D. When units are deciding classifications they must consider the following MCCGA policy.

2010 Season
Color Guard Rule Book,
General Festival Information, and Policy Statement

The following rules supersede any other rules regarding classifications in the MCCGA rulebook.

1. If a unit enters a WGI Event in Open or World class, that unit must perform in MCCGA events in the same class as the unit's WGI classification.
2. If a unit would like to perform in Open or World class but does not enter a WGI Regional, the unit is subject to MCCGA promotion scores and shall start the season in Scholastic A or Independent A class.
3. If a unit competed the previous season in Open or World class, the unit may begin the following season in that same class.
4. If a unit enters a WGI Event in Scholastic A or Independent A class, that units must perform in MCCGA in either Scholastic A, Scholastic B, Scholastic C, or Independent A class. The only exception to this rule is if WGI promotes the unit to Scholastic or Independent Open class, whereby that unit must perform in MCCGA events in the same class as the unit's WGI classification, unless the unit withdraws from that event.
5. If a unit enters a WGI Event in Scholastic Regional A or Independent Regional A class, that units must perform in MCCGA in either Regional A, Regional B, Regional C, Middle School/Junior High or Independent Regional A class.

E. Color Guard Classifications

Classification descriptions may be found in Appendix A to this Rulebook

F. Unit classification is subject to board discretion

1. Reclassification

A unit may request to move to a lower class but such requests must follow the appeal process outlined below.

Units are promoted between seasons or during a season for the following reasons.

- a) A guard placing first in Scholastic B, Scholastic C, Regional A, Regional B, and Regional C at MCCGA Championships is promoted to the next higher classification for the following season.
- b) A guard placing in any of the top three positions of the same Class for three consecutive seasons is promoted to the next highest Class in the fourth season.
- c) A guard that meets or exceeds the promotion score is promoted to the next higher Class for the remainder of that season.
- d) A guard competing in the Open Class or World Class at any WGI regional is automatically promoted to Open or World Class for the remainder of the season.
- e) The Review Committee will address a classification change made at the WGI level, in regard to MCCGA Reclassification.
- f) A unit requesting that it be allowed to move to a higher class.
- g) Circuit Championship Class Winners and all units that score above the last Review Score listed in Section L. Below for that class will automatically move up to the next classification the subsequent season.
- Unit Managers/Directors/Instructors have the right to appeal a between season reclassification decision (see Appeal below).

2. Appeal

- a) Units that are promoted between seasons may submit an appeal of their reclassification in email to the Chief Judge (Chair of the Review Committee) no

2010 Season
Color Guard Rule Book,
General Festival Information, and Policy Statement

later than four weeks prior to the first festival of the season

- b) The Review Committee will vote by email within three days of receiving the appeal.
- c) A simple majority is needed for the appeal to succeed. In the case of a tie, the appeal is denied.
- d) A unit requesting to move to a lower class may submit an appeal to do so by email to the Chief Judge (Chair if the Review Committee) detailing why the unit should be reclassified
- e) A unit requesting to move to a higher class (self-promotion) does not need to appeal if the request is in accordance with all other guidelines in this classification section.

3. Cut-off dates for Reclassification:

- a) Units will be reclassified to a higher class **NO LATER** than 2 weeks before MCCGA Championships.
 - b) Units will **NOT** be reclassified to a lower class past week 5 of the Festival season (or two weeks before MCCGA Championships, whichever comes first).
 - if necessary, timing requirement issues due to movement between classes will be addressed by the Board of Directors on an individual basis.
- G. Units may submit, in writing, a request to the Chief Judge (Chair if the Review Committee) to be reclassified.
- H. If a unit places in the top three (3) in its class or round at the MCCGA Championships, the unit must perform the next season in the same or higher class.
- I. Each year, the review scores below will be updated to reflect the upcoming season and any changes the membership feels necessary. The scores will be determined based on WGI's block and post-block scores.

The review scores will be in effect at all MCCGA festivals and WGI Regionals beginning with the first week, through and including the sixth week of each season. If a unit has not participated in a festival by the sixth week, the first MCCGA festival the unit participates in after the sixth week is also subject to review. In the event of a discrepancy between this Section and Section VI. H. 3. a., Section VI. H. 3. a. will be controlling.

If a review score is achieved at a festival, the Chief Judge (Chair of the Review Committee) will forward such information as deemed appropriate to the Review Committee within 24 hours of the end of the festival so that those individuals may discuss and vote as to whether that unit should be promoted. Such grounds may include scoring that is inflated by "visiting" judges, contest dynamics, inexperienced judges or other reasons the Committee may deem rationally related to scoring being inaccurate at a particular festival or for a particular class in a particular festival. Deference is always given the judging panel for their scoring decisions; however the Review Committee may find reasonable grounds to allow a unit to retain its classification.

Such vote must be returned to the Chair of the Review Committee no later than the following Tuesday by 6:00 PM Central Time, unless the Chair determines an extension of time is needed. If an extension is needed, the Chair shall request permission for that extension from the Executive Board. A simple majority is required to overturn a review if the unit is being reviewed for the first time that season in that class. If a unit is being reviewed a second time, a 2/3 vote is required to overturn a review. If a

**2010 Season
Color Guard Rule Book,
General Festival Information, and Policy Statement**

unit is being reviewed for a third time or more, a unanimous vote is needed to overturn the review. In the case of a tie, the review stands and the unit is moved to the proper classification. The decision of the Review Committee will be disseminated by the Chair to the unit at issue, the Review Committee, and the Color Guard Advisory Board.

COLOR GUARD REVIEW SCORES

	WEEKEND									
	1/23	1/30	2/6	2/13	2/20	2/27	3/6	3/13	3/20	3/27
<i>Regional C/Scholastic C</i>	26	26.8	27.3	28.1	28.6	29.4	29.9	30.4	30.7	31.2
<i>Regional B/Scholastic B</i>	30.6	31.4	31.9	32.7	33.2	34	34.5	35	35.3	35.8
<i>Regional A/Indep. Reg. A/ Scholastic A/Independent A</i>	35	35.8	36.3	37.1	37.6	38.4	38.9	39.4	39.7	40.2
<i>Open</i>	39	40	40.5	41.5	42	43	43.5	44	44.5	45

If the total of a unit's choreography, composition, and repertoire scores exceed the score indicated for any given weekend at an MCCGA festival AND 3 of the 5 working judges assign a review score for that unit, that unit is promoted for the remainder of that season. This score must be achieved in a finals performance (if a prelims/finals format is used) unless a unit does not perform in finals. In this case, the prelims score is used for review purposes. In the case of a double panel (10 working judges), 6 of the 10 judges must assign a review score for the unit to be reviewed.

VII. CHAMPIONSHIPS

A. Finalist determination

The MCCGA Executive Board of Directors will utilize the following guidelines to determine the number of finalists in MCCGA Championships. Any finalist positions unused because of lack of competing guards in a class may be added to other class at the discretion of the Executive Board of Directors.

1. The Middle School/Junior High and Regional C classes will not have a finals performance; however the champions of these classes will be given the option of performing in exhibition.
2. The Regional B, Regional A, Independent Regional A, and Scholastic C classes will have finalists equal to 25% of the Prelims contest participants with a minimum of 3 finalists and a maximum of 7.
3. The Scholastic B class will have finalists equal to 50% of the Prelims festival participants with a minimum of 3 finalists and a maximum of 7.
4. All other classes will have finalists equal to 75% of the Prelims festival participants with a minimum of 3 finalists and a maximum of 7.
5. An additional exception may be made to these numbers if the class size is such that only one unit from prelims will not make finals. In such a case, all units in the class will advance to Finals.
6. The MCCGA Full Board will vote on the Championships format on a yearly basis, with the results being announced no later than January 15th.
7. In the case of an odd number of Prelim participants, this number will be rounded up to the next

2010 Season
Color Guard Rule Book,
General Festival Information, and Policy Statement

higher whole number.

8. If rounds are used in Prelims, the first place guard in each round will advance to finals and the remaining finalists will be the highest remaining scores regardless of round.

B. Eligibility to compete in the MCCGA Championships

To be eligible to compete in MCCGA Championships:

- Each color guard unit must perform within the first four (4) weekends of the MCCGA season at a MCCGA Festival or a WGI Regional; If one of the first four (4) weekends does not offer a MCCGA Festival (a WGI Regional does count as an MCCGA Festival), then an extra weekend will be added to this timeline
 - The unit must be in good standing i.e. all fees paid to MCCGA or other Members).
- AND
- Each unit must also perform in a least two MCCGA festivals throughout the course of the season. The Executive Board will address exceptions on an individual basis.

C. Championship Seeding

- Each unit's two highest scores from MCCGA events or WGI Regionals will be determined by taking each unit's score (including penalties) during the season and adding two points to the score for each week remaining in January or February and one and a half points during the remainder of the season. After the scores have been "progressed" using this method, the two highest scores are used for seeding purposes defined below.
- The order of appearance at MCCGA Circuit Championships will be determined by averaging the two (2) highest scores (after being progressed by 1.5 pinots per week before March 1 and 1 point per week thereafter) received by a unit at MCCGA Festivals or WGI Regional prior to Championships. 70% of the highest score and 30% of the second highest score will determine the total average score of the unit
- The two highest scores used for the seeding process must be a finals score (if a prelims/finals format is used) unless a unit does not perform in finals. In this case, the prelims number is used for promotion purposes.
- Units will perform in championships in their seeding order

VIII. ADOPTION OF WGI RULES AND REGULATIONS

- A. The Unit Director of a Full or Limited MCCGA Membership unit will receive, prior to the start of the season, a copy of the current WGI rules and regulations by which MCCGA abides. These WGI rules and regulations work in conjunction with the MCCGA Rule Book, General Festival Information and Policy Statement. Take note that our timing requirements differ slightly. Refer to the Appendix of the MCCGA Color Guard & Percussion Rule Books for timing clarification.
- B. Regardless of WGI rules, MCCGA shall recognize "sickles" as authorized equipment and such equipment having the general shape of a curved rifle shall count toward a unit's authorized equipment time. Operational definition of this rule shall be made by the Chief Judge.
- C. Penalties will be waived for lack of authorized performance and/or equipment time during the first two weekends of the performance season.

IX. PROTOCOL AND GUIDELINES REGARDING COMMUNICATION WITH MCCGA

With the addition of the Regional Coordinator/Communication Chairpersons (RCC) to the MCCGA Board of Directors, all circuit members will be expected to adhere to the following procedure when wishing to make contact with MCCGA concerning, but not limited to:

- festival guidelines
- circuit rules and regulations
- scheduling concerns
- judging concerns, etc.

A Circuit members will need to make contact with the Regional Coordinator/Communication Chairperson (RCC) who has been assigned to their region. For the convenience of the members, the circuit has been divided into three regions with one communication chairperson in each area (Kansas City, St. Louis and Springfield, MO).

B. Once a circuit member has made contact and discussed their questions/concerns, the RCC will:

1. answer their question/concern instantly, or...
2. make contact with the appropriate Executive Board member who can answer the concern.

In the extreme situation that the respective RCC did not satisfy the concern of the circuit member in a timely manner, contact then may be made with a member of the Executive Board. However, each circuit member will be expected to first contact their RCC before making contact with any member of the Executive Board.

By following the above procedure, it is the intent of the Executive Board that questions, concerns and challenges will be addressed quickly by the Regional/Communication Chairpersons, and will allow the Executive Board to fulfill their duties as outlined in the MCCGA Constitution and By-laws.

X. INSTRUCTORS CODE OF ETHICS (as state in the WGI Manual)

“The MCCGA feels that it is important to enforce the Instructors’ Code of Ethics. If judges and staff are expected to adhere to a professional code of conduct, then it is appropriate that this standard is exacted from the Instructional community as well.

If undue and unfair pressure is applied to judges through inappropriate behavior, then this places the competitive experience at risk. Examples cited included but were not limited to: instructors shouting at judges in public and/or at critique, inappropriate conduct of any instructor while accompanying the guard onto the festival floor, inordinate and unauthorized telephone calls to judges, or electronic communication that is derogatory to any other MCCGA member unit or a unit’s staff, directors, or members. There is also a growing concern about disruptive behavior in the warm up area, and rude behavior for the performer/staff of one group towards another. Behavior of this type is intolerable and will result in the loss of the privilege that has been violated. For example, instructors could be barred from the arena floor or festival venue or lose the right to use the warm up venue. Addressing this important issue must be a priority for every unit

The managing administrator of the situation will determine the application of the action. The managing administrator in judging issues is the Director of Education. The Festival Director is the administrator in

2010 Season
Color Guard Rule Book,

situation pertaining to festival personnel. The Executive Board is the administrator in matters of poor sportsmanship or inter-guard issues.”

Before a unit may attend critique, the unit must have signed up prior to the festival for critique and have listened to the judges’ commentary on the cassette tapes provided during the festival. This is evidenced by filling out the Instructor’s Critique Sheet provided with the judges tapes and turned in to the Chief Judge at the conclusion of the critique session with that unit. The only exception to this policy is for staffs involved in hosting a festival that day.

XI. JUDGES CODE OF ETHICS (as state in the WGI Manual)

AFFILIATION: A judge may not adjudicate a class in which a competing unit is one with which he/she has a formal affiliation as defined below.

PRIMARY AFFILIATION: Designer, Instructor, Management or performing member of the competing unit. Any judge who receives a salary from the department that sponsors the competing guard. (i.e. an individual who teaches music in the school where the music department sponsors the winter guard/percussion line or where it is connected to the Band.

Individuals may not be a MCCGA judge if they are still performing in any Winter Guard or Percussion Line.

SECONDARY AFFILIATION: Family, spouse, significant-other relationship with an individual who has a primary affiliation as described above. Secondary Affiliations may be waived relative to a specific judge and a specific class by a vote of the Color Guard or Percussion Advisory Board (whichever is appropriate) if the vote shows at least 60% of those voting in agreement of waiving the affiliation for that particular season. At no time may the judge adjudicate the unit at any festival. This will not allow the judge to judge the class at the MCCGA Championships and this waiver may be revoked by a simple majority vote of the same Board at any time during the season.

CONSULTATIONS: A current MCCGA Judge is not permitted to give any consultation to any unit other than their primary affiliation.

CONDUCT: No judge may display interest or preference toward any competing guard he/she may judge. Wearing a unit’s insignia is forbidden. Judges are encouraged to give input regarding the ethical standards of the judging community. This should be handled through the Director of Education and the Executive Board.

XII. YEARLY CALENDAR

APPENDIX A

Classification in the MCCGA will consist of the following class, each reflecting a stage in the learning process: applying, knowing, exploring, or discovering.

3. Middle School/Junior High

General Definition: This classification is for units with students not in a grade higher than 9th. This classification is specifically for the middle school or junior high school guard. These guards are exploring winter guard show design, technique and performance (the discovering stage). This class is dedicated to building strong technique for the unit and performer. Equipment work is basic and one or two-dimensional. Units in this class may self-promote.

Timing: Minimum performance time is 3 minutes with a minimum of authorized equipment time of 3 minutes and a maximum performance of 4.5 minutes. Interval between performance is at least 7 minutes.

Winter Guard International (WGI) Regional Class A judging criteria will be used.

2. Regional C

General Definition: This classification is for units with little to no winter guard experience or new students seeking introduction to the winter guard activity. This classification is specifically for guards exploring winter guard show design, technique and performance (the discovering stage). This class is dedicated to building strong performance skills and technique for unit and performer. Drill movement is part of the judging criteria, while equipment work is basic and/or one to two dimensional. First year high school units would be encouraged to move to Regional B after their first competitive season.

Timing: Minimum performance time is 3 minutes with a minimum of authorized equipment time of 3 minutes and a maximum performance of 4.5 minutes. Interval between performances is at least 7 minutes.

Winter Guard International (WGI) Regional Class A judging criteria will be used.

3. Regional B

2010 Season
Color Guard Rule Book,
General Festival Information, and Policy Statement

General Definition: This classification is suggested for inexperienced units or students with one-year guard experience. This class reflects a developing level of achievement (the exploring stage) for the MCCGA. Staff and performers should both be at a basic level yet show signs of higher impact on design and performance technique. Equipment work is primarily two dimensional with a growing awareness, exploration and use of new planes and dimensions. Dance and body movement is an introductory level and is explored in the presentation. Characterization and creativity levels are explored at basic levels.

Timing: Minimum performance time is 3 minutes with a minimum of authorized equipment time of 3 minutes and a maximum performance of 4.5 minutes. Interval between performances is at least 7 minutes.

Winter Guard International (WGI) Regional Class A judging criteria will be used.

4. Regional A

General Definition: This area is where the beginner will be nurtured and developed with the beginning skills and qualities as their standard. The prime purpose is to develop individual training that will assure each student's technical growth. It is also to focus on logic in programs that will allow the performers to reach high achievement. This is intended to discourage those who overwrote in an attempt to be competitive and whose excessive demand on the performers precludes their proper training and development.

Timing: Minimum performance time is 3 minutes with a minimum of authorized equipment time of 3 minutes and a maximum performance of 4.5 minutes. Interval between performances is at least 7 minutes.

Winter Guard International (WGI) Regional Class A judging criteria will be used.

5. Scholastic C

General Definition: Guards in this class have students and instructors with prior winter guard experience. This class reflects an application of beginning skills for the MCCGA. Staff and performers will be encouraged to demonstrate logical yet imaginative programs with achievable standards for performers. Guards in this Class should display all of the fundamentals and some of the intermediate qualities of performance and design. Both students and staff have talent to grow beyond the basics and explore a higher level of design and performance technique. Students shall be challenged to perform at a high level.

Timing: Minimum performance time is 4 minutes with a minimum of authorized equipment time of 3.5 minutes and a maximum performance of 5.5 minutes. Interval between performances is at least 8 minutes.

Winter Guard International (WGI) Class A judging criteria will be used.

6. Scholastic B

General Definition: Guards in this class have students and instructors with prior winter guard experience. This class reflects an intermediate level of achievement (the knowing stage) for the MCCGA. Staff and performers will be encouraged to demonstrate logical yet imaginative programs with achievable standards for performers. Guards in this Class

skills are strong, but SOME might not reach the maturity level of the Independent World class primarily because of their age limitations.

Timing: Minimum performance time is 4 minutes with a minimum of authorized equipment time of 3.5 minutes and a maximum performance of 7.5 minutes. Interval between performances is at least 10 minutes.
