2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

The job of Festival Director requires the assigned person:

- to act as a contact for the festival host in the weeks leading up to a festival
 - be responsible in delivering either the tabulation program on disk or on a circuit laptop
 - be responsible in instructing and monitoring the tabulation throughout the festival
 - sign-off on timing penalties
 - address sound issues and other problems that may arise throughout the day of the festivals
 - and in general, perform all duties incidental to the role of the Festival Director, and other such duties as may be assigned by the President
- N. In case of any ties that determine order of performance at an MCCGA Festival or Championships, the unit with the earlier postmark date will perform later. In the event of a tie in postmark dates, a coin flip will determine which unit performs last.
- O. In any Festival or at the MCCGA Championships, any class that has more than 14 units performing shall be divided into equal rounds with not more than 10 units in each round. Each round will be a separate “festival” for purposes of rating, ranking, and awards.
- P. Exhibitions – Exhibition performances are open only to pageantry groups ineligible for MCCGA membership. Individual exceptions will be determined by the MCCGA Executive Board.

V. ELIGIBILITY

- A. Percussion units composed of members not over age twenty-two (22) as of 12:01 A.m. of the date of their respective competitive class finals performance at the MCCGA Championships shall be permitted to perform in Festivals governed by MCCGA, except in Independent World Class, where there is no age restriction. Each unit appearing at a MCCGA Festival shall be prepared to show proof of members’ ages (e.g. copies of Birth Certificates).
- B. Percussion lines whose total membership comes from the same school or schools that feed into that school and abide by the age rule may perform in the scholastic class provided by the MCCGA. Each school unit appearing in a MCCGA Festival in a scholastic class shall be prepared to show proof of enrollment in sponsoring schools (e.g. school ID cards, yearbooks, etc.).
- C. Each scholastic percussion line should comply with eligibility requirements set forth by its respective state activities association (e.g. Missouri State High School Activities Association, Kansas State High School Activities Association, etc.) and school district.
- D. Any high school student whose high school’s percussion unit is a member of MCCGA may not perform with an independent unit without the written permission of the high school guard/percussion/band/sponsor/director. Such permission must be filed with MCCGA (to the attention of the MCCGA Treasurer) prior to the student participating with the independent unit. It is the high school director’s responsibility to inform the Board of this type of situation.

PENALTY: Disqualification – Any unit violating any requirement in the ELIGIBILITY section shall be disqualified and its position/standing in the Festival shall be forfeited.

VI. UNIT CLASSIFICATIONS

- A. All scholastic units must adhere to the scholastic eligibility rules of WGI and their appropriate High School Activities Association (e.g. MSHSAA, KSHSAA, etc.).
- B. Definitions: All definitions are general. More goes into the selection of classification than falling into specific guidelines. Considerations should include experience level of performers and/or designers/instructors; anticipated level of performers; past success of the group; etc. Refer to WGI manual for further discussion of classification.
- C. The MCCGA classification strategy has one main goal:
Provide a consistent and fair grouping of units achieving at a similar level while encouraging their future development. This goal can be met by doing the following:
- Provide unit management and staff with clear descriptions of the qualities of units in each class.
 - Provide incentives for units to move into the higher levels of classification.
 - Provide mechanisms for the circuit to ensure consistent and fair groupings.
 - Provide an appeal process for units that feel they are unfairly classed.
- D. Classifications
Classification descriptions may be found in Appendix A to this Rulebook
- E. The MCCGA Full Board will vote on the Championships format on a yearly basis, with the results being announced no later than January 15th.
- F. Unit classification is subject to board discretion
- 1. Reclassification**
Classification is subject to board discretion. Units are promoted between seasons or during a season for the following reasons:
- a) A percussion unit in any class may be placed under review by the MCCGA percussion coordinator at the suggestion of any MCCGA judges panel.
 - b) A unit placed under review is then reclassified by a majority vote of the percussion advisory board.
 - c) No board member affiliated with the appealing unit, or a unit in the appeal unit's current class will be allowed to vote.
 - d) A unit competing in the Open Class or World Class at any WGI regional is automatically promoted to Open or World Class for the remainder of the season.
 - e) The Board of Directors will address a classification change made at the WGI level, in regard to MCCGA Reclassification.
- Unit Managers/Directors/Instructors have the right to appeal a reclassification decisions (see Appeal below).
- 2. Appeal**
- a) Units that are promoted may submit an appeal of their reclassification in writing, by mail, email or fax to the MCCGA Board of Directors.
 - b) The board will vote by fax or email within three days of receiving the appeal.
 - c) No board member affiliated with the appealing unit, or a unit in the appeal unit's

2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

current class will be allowed to vote.

- d) A simple majority is needed for the appeal to succeed.
- e) A unit that is promoted a second time within the same classification and within the span of one season may not appeal a second reclassification.

3. Cut-off dates for Reclassification:

- a) Units will be reclassified to a higher class NO LATER than 2 weeks before MCCGA Championships.
- b) Units will NOT be reclassified to a lower class past week 5 of the Festival season (or two weeks before MCCGA Championships, whichever comes first).

- if necessary, timing requirement issues due to movement between classes will be addressed by the Board of Directors on an individual basis.

- G. Units may submit, in writing, a request to the Executive Board to be reclassified.
- H. If your unit plans to attend a WGI regional, please consult the WGI manual or application regarding timing.

- ▶ If the appeal is submitted at the Festival site, the Festival director must report the unit's position to the MCCGA Board in writing. A representative of the appealing unit must approve this submission.
- ▶ If the appeal is submitted in writing it should be mailed, faxed, or emailed to an MCCGA Executive Board member. It must be postmarked, emailed, or faxed by noon of the Tuesday following the festival at which reclassification occurred.

Upon reception of the appeal request, it is immediately delivered to all Executive board members who then cast ballots upon the appeal.

- ▶ A simple majority of Executive Board members is required to overturn the promotion
- ▶ An Executive Board member may not cast a ballot on an appeal from a unit with which he or she is affiliated.

The results of the appeal will be noted in the minutes of the next MCCGA board meeting following the appeal.

Performing units are limited to two appeals per season.

VII. CHAMPIONSHIPS

A. Finalist determination

- 1. The MCCGA Full Board will vote on the Championships format on a yearly basis, with the results being announced no later than January 15th.

B. Eligibility to compete in the MCCGA Championships

To be eligible to compete in MCCGA Championships:

- Each color guard unit must perform within the first four (4) weekends of the MCCGA season at a MCCGA Festival or a WGI Regional; by February 16, 2008, for the 2008 season. If one of the first four (4) weekends does not offer a MCCGA Festival (a WGI Regional does count as an MCCGA Festival), then an extra weekend will be added to this timeline

2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

- The unit must be in good standing i.e. all fees paid to MCCGA or other Members).
- AND
- Each unit must also perform in a least two MCCGA festivals throughout the course of the season. The Executive Board will address exceptions on an individual basis.

C. Championship Seeding

- Each unit's two highest scores from MCCGA events or WGI Regionals will be determined by taking each unit's score during the season and adding two points to the score for each week remaining in the season. (if there 8 weeks in the season, a score in week 5 would have 6 additional points added to it: $8 - 5 = 3$ and 3×2 points = 6 points) After the scores have been "progressed" using this method, the two highest scores are used for seeding purposes defined below.
- The order of appearance at MCCGA Circuit Championships will be determined by averaging the two (2) highest scores (after being progressed by two points per week received by a unit at MCCGA Festivals up to 2 weeks prior to Championships. 70% of the highest score and 30% of the second highest score will determine the total average score of the unit
- The two highest scores used for the seeding process must be a finals score (if a prelims/finals format if used) unless a unit does not perform in finals. In this case, the prelims number is used for promotion purposes.
- Units will perform in championships in their seeding order

VIII. ADOPTION OF WGI RULES AND REGULATIONS

The Unit Director of a Full or Limited MCCGA Membership unit will receive, prior to the start of the season, a copy of the current WGI rules and regulations by which MCCGA abides. These WGI rules and regulations work in conjunction with the MCCGA Rule Book, General Festival Information and Policy Statement. Take note that our timing requirements differ slightly. Refer to Section V above for timing clarification.

IX. PROTOCOL AND GUIDELINES REGARDING COMMUNICATION WITH MCCGA

With the addition of the Regional Coordinator/Communication Chairpersons (RCC) to the MCCGA Board of Directors, all circuit members will be expected to adhere to the following procedure when wishing to make contact with MCCGA concerning, but not limited to:

- festival guidelines
- circuit rules and regulations
- scheduling concerns
- judging concerns, etc.

A Circuit members will need to make contact with the Regional Coordinator/Communication Chairperson (RCC) who has been assigned to their region. For the convenience of the members, the circuit has been divided into three regions with one communication chairperson in each area (Kansas City, St. Louis and Springfield, MO).

B. Once a circuit member has made contact and discussed their questions/concerns, the RCC will:

- i. answer their question/concern instantly, or...
- ii. make contact with the appropriate Executive Board member who can answer the concern.

In the extreme situation that the respective RCC did not satisfy the concern of the circuit member is a

2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

timely manner, contact then may be made with a member of the Executive Board. However, each circuit member will be expected to first contact their RCC before making contact with any member of the Executive Board.

By following the above procedure, it is the intent of the Executive Board that questions, concerns and challenges will be addressed quickly by the Regional/Communication Chairpersons, and will allow the Executive Board to fulfill their duties as outlines in the MCCGA Constitution and By-laws.

X. INSTRUCTORS CODE OF ETHICS (as state in the WGI Manual)

“The MCCGA feels that it is important to enforce the Instructors’ Code of Ethics. If judges and staff are expected to adhere to a professional code of conduct, then it is appropriate that this standard is exacted from the Instructional community as well.

If undue and unfair pressure is applied to judges through inappropriate behavior, then this places the competitive experience at risk. Examples cited included but were not limited to: instructors shouting at judges in public an/or at critique, inappropriate conduct of any instructor while accompanying the guard onto the festival floor, inordinate and unauthorized telephone calls to judges, or electronic communication that is derogatory to any other MCCGA member unit or a unit’s staff, directors, or members. There is also a growing concern about disruptive behavior in the warm up area, and rude behavior for the performer/staff of one group towards another. Behavior of this type is intolerable and will result in the loss of the privilege that has been violated. For example, instructors could be barred from the arena floor or festival venue or lose the right to use the warm up venue. Addressing this important issue must be a priority for every unit

The managing administrator of the situation will determine the application of the action. The managing administrator in judging issues is the Director of Education. The Festival Director is the administrator in situation pertaining to festival personnel. The Executive Board is the administrator in matters of poor sportsmanship or inter-unit issues.”

Before a unit may attend critique, the unit must have signed up prior to the festival for critique and have listened to the judges’ commentary on the cassette tapes provided during the festival. This is evidenced by filling out the Instructor’s Critique Sheet provided with the judges tapes and turned in to the Chief Judge at the conclusion of the critique session with that unit. The only exception to this policy is for staffs involved in hosting a festival that day.

XI. JUDGES CODE OF ETHICS (as state in the WGI Manual)

AFFILIATION: A judge may not adjudicate a class in which a competing unit is one with which he/she has a formal affiliation as defined below.

PRIMARY AFFILIATION: Designer, Instructor, Management or performing member of the competing unit. Any judge who receives a salary from the department that sponsors the competing unit. (i.e. an individual who teaches music in the school where the music department sponsors the winter guard/percussion line or where it is connected to the Band.

Individuals may not be a MCCGA judge if they are still performing in any Winter Guard or Percussion Line.

2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

SECONDARY AFFILIATION: Family, spouse, significant-other relationship with an individual who has a primary affiliation as described above. Secondary Affiliations may be waived relative to a specific judge and a specific class by a vote of the Color Guard or Percussion Advisory Board (whichever is appropriate) if the vote shows at least 60% of those voting in agreement of waiving the affiliation for that particular season. At no time may the judge adjudicate the unit at any festival. This will not allow the judge to judge the class at the MCCGA Championships and this waiver may be revoked by a simple majority vote of the same Board at any time during the season.

CONSULTATIONS: A current MCCGA Judge is not permitted to give any consultation to any unit other than their primary affiliation.

CONDUCT: No judge may display interest or preference toward any competing unit he/she may judge. Wearing a unit's insignia is forbidden. Judges are encouraged to give input regarding the ethical standards of the judging community. This should be handled through the Director of Education and the Executive Board.

APPENDIX A

Classification in the MCCGA will consist of the following class, each reflecting a stage in the learning process: discovering, exploring, knowing, and applying

1. Regional Class

Regional Class units are the newest to the winter percussion activity. This area is where the beginner will be nurtured and developed with the beginning skills and qualities as their standard. The prime purpose is to develop individual training that will assure each student's technical growth. It is also to focus on logic in programs that will allow the performers to reach high achievement. This is intended to discourage those who overwrite in an attempt to be competitive and whose excessive demand on the performers precludes their proper training and development.

SCHOLASTIC REGIONAL CLASS: These ensembles tend to be very inexperienced and similar to one another in terms of show design and format. Junior high school ensembles fit well into this classification, as do first (and some second) year ensembles.

INDEPENDENT REGIONAL CLASS: These units use the same criteria as Scholastic Regional with the exception of the age limit. Again, these are units with little or no experience in the activity, and tend to be younger in age overall.

Timing: Minimum performance time is 3 minutes; maximum performance time is 5 minutes. Total interval time is 8 minutes.

Winter Guard International Percussion A Class judging criteria will be used.

2. A Class

Class A units are a unique and special aspect of MCCGA Percussion. These are the younger or less developed participants. The goal is to assist both performers and staff in their training and development and to reward these achievements in a logical learning progression.

SCHOLASTIC A CLASS: These units show a tendency to be similar to one another. Their choice of equipment, the formatting of their shows and the depth of their training and skills are comparable in many cases.

INDEPENDENT A CLASS: These ensembles use the same criteria as the Scholastic A Class with the exception of the age limit. Here is where the beginning student discovers the joy of performing and realizes the sense of achievement as each skill is learned.

Timing: Minimum performance time is 4 minutes; maximum performance time is 6 minutes. Total interval time is 9 minutes.

Winter Guard International Percussion A Class judging criteria will be used.

3. Open Class

2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

Open Class units are an exciting branch of MCCGA Percussion. There is a strong desire to grow and explore. They are open and eager to test their skills in a more challenging arena. Most will have achieved the level or training set in Class A and welcome the challenge of greater creativity. There should be sound development in a logical growing progression of challenges while maintaining the premise that growth requires new and additional training.

SCHOLASTIC OPEN CLASS: Unlike Scholastic A class, these units have discovered a much stronger personality and are not usually similar to one another. The depth of their training and skills are still comparable in many cases, primarily due to the similarity of their age and the similar number of hours put into their development. Their programs are often freshly unique and original.

INDEPENDENT OPEN CLASS: Units in this class can contain a wide range of age and some skill difference. Performers within one unit can range from 12 to 22 years of age. There is greater consistency in the range of skills and physical development. Programs are unique. A few individuals will demonstrate a high level of skills. Some advanced challenges will exist.

Timing: Minimum performance time is 4 minutes; maximum performance time is 7 minutes. Total interval time is 10 minutes.

Winter Guard International Percussion Open Class judging criteria will be used.

4. World Class

World Class units are the standard setting branch of MCCGA Percussion. These are the innovators of indoor percussion who set the direction of the activity through the standards of creative design and performance achievements. They explore new challenges of dexterity, musical and physical skill within original and unique programs. They are comfortable dealing with abstraction and are strongly influenced by the Arts. Their exploration is the highest level of creative potential. They expect judges to understand and support their creative efforts and be able to make discerning separations between their achievements and those of their competitors.

SCHOLASTIC WORLD CLASS: Often this class will consist of upper classmen. The units have strongly defined personalities and are highly creative and unique. They explore innovative program concepts. The depth of their training and skills is strong.

INDEPENDENT WORLD CLASS: These performers demonstrate a high degree of physical development. They are very experienced and fully trained. Programs are unique and innovative and these components are important at this level. Some very sophisticated challenges will be placed on the performers who are often 20 to 22 years of age.

Timing: Minimum performance time is 4 minutes; maximum performance time is 8 minutes. Total interval time is 11 minutes.

Winter Guard International Percussion World Class judging criteria will be used.

5. Concert classes

2008 Season
Percussion Rule Book,
General Festival Information, and Policy Statement

Concert classes use the same levels of classification (World, Open, and A only). Although the specific criteria of the concert classes will be different, the basic qualifications of each class are very similar. This class is designed for those groups whose single emphasis is the exploration and development of musical presentations. Their exploration may involve original musical compositions, or a blend of arrangements to display their development and virtuosity. The expectations of the judge will be different from those of the marching ensemble. In this class, the concert stage will be set to deliver the sound from that single focal point.

Timing: Minimum performance time is 4 minutes; maximum performance time is 7 minutes. Total interval time is 10 minutes.

Winter Guard International Percussion Concert Class judging criteria will be used.
