II. ENTRY FORMS

2024
Percussion/Winds Rulebook

- A. Entry forms will be available on the website per the yearly calendar
- B. In order to guarantee space in Festival lineups, each entry must be returned to MCCGA.
 - 1. with multiple entries on one form or
 - 2. on separate forms by the second Monday in December, the deadline for MCCGA membership and The signed entry form must be submitted with payment or Purchase Order. The entry is NOT valid until payment or P.O. is received.
 - 3. A unit may enter a festival up until 4 weeks prior to the date of the festival.

III. ELIGIBILITY

- A. Percussion/Winds units composed of members not over age twenty-two (22) as of 12:01 A.m. March 31st Each unit appearing at a MCCGA Festival shall be prepared to show proof of members' ages (e.g. copies of Birth Certificates).
- B. Percussion/Winds lines whose total membership comes from the same school or schools that feed into that school and abide by the age rule may perform in the scholastic class provided by the MCCGA. Each school unit appearing in a MCCGA Festival in a scholastic class shall be prepared to show proof of enrollment in sponsoring schools (e.g. school ID cards, yearbooks, etc.).
- C. Each scholastic Percussion/Winds line should comply with eligibility requirements set forth by its respective state activities association (e.g. Missouri State High School Activities Association, Kansas State High School Activities Association, etc.) and school district.
- D. Any high school student whose high school's Percussion/Winds unit is a member of MCCGA may not perform with an independent unit without the written permission of the high school guard/Percussion/Winds/band/sponsor/director. Such permission must be filed with MCCGA (to the attention of the MCCGA Treasurer) prior to the student participating with the independent unit. It is the high school director's responsibility to inform the Board of this type of situation.

PENALTY: Disqualification – Any unit violating any requirement in the ELIGIBILITY section shall be disqualified and its position/standing in the Festival shall be forfeited.

IV. UNIT CLASSIFICATIONS

- A. All scholastic units must adhere to the scholastic eligibility rules of WGI and their appropriate High School Activities Association (e.g. MSHSAA, KSHSAA, etc.).
- B. Definitions: All definitions are general. More goes into the selection of classification than falling into specific guidelines. Considerations should include experience level of performers and/or designers/instructors; anticipated level of performers; past success of the group; etc. Refer to WGI manual for further discussion of classification.
- C. The MCCGA classification strategy has one main goal:
Provide a consistent and fair grouping of units achieving at a similar level while encouraging their future development. This goal can be met by doing the following:
 - 1. Provide unit management and staff with clear descriptions of the qualities of units in each class.
 - 2. Provide incentives for units to move into the higher levels of classification.
 - 3. Provide mechanisms for the circuit to ensure consistent and fair groupings.
 - 4. Provide an appeal process for units that feel they are unfairly classed.
- D. Classifications
Classification descriptions may be found in Appendix A to this Rulebook
- E. When units are deciding classifications, they just consider the following MCCGA policy The following rules supersede any other rules regarding classification in the MCCGA rulebook:
If a unit enters a WGI event in Scholastic A or Independent A class, that unit must perform in MCCGA in either Scholastic A or Independent A class. The only exception to this rule is if WGI promotes the unit to Scholastic or Independent Open class, whereby that unit must perform in MCCGA events in the same class as the unit's WGI classification, unless the unit withdraws from that event.
- F. The MCCGA Full Board will vote on the Championships format on a yearly basis, with the results being announced no later than January 15th.

V. UNIT PROMOTION

- A. Should a group be competing in the wrong class, the Percussion/Winds Coordinator will advise the ensemble director. If a group is advised to move down a class, it will be at the discretion of the ensemble to make the advised move. For those groups who are clearly competing in the wrong class at a contest or Circuit Championship event, it will be the decision of the Percussion/Winds Administration along with discussion from the ensembles' staff to reclassify the group at that contest or Circuit Championship final contest. Reclassification may also be done between contests up to and including the Circuit Championship event. If a group is asked to produce a current performance video for evaluation, the group has seven (7) days to deliver the media to the Percussion/Winds Coordinator or the reclassification will automatically be made. If the ensemble does not agree with this ruling of reclassification, the ensemble has the right to appeal this ruling by contacting the Percussion/Winds Coordinator within forty-eight (48) hours. The status of this appeal will then be reviewed by the Percussion/Winds Coordinator and Steering Committee. The final decision will be made within ten (10) days of this appeal.
- B. If your unit plans to attend a WGI regional, please consult the WGI manual or application regarding timing.

VI. CHAMPIONSHIPS

A. Finalist determination

The MCCGA Full Board will vote on the Championships format on a yearly basis, with the results being announced no later than January 15th.

B. Eligibility to compete in the MCCGA Championships

1. To be eligible to compete in MCCGA Championships.
2. The unit must be in good standing i.e. all fees paid to MCCGA or other Members).
- AND
3. Each unit must also perform in at least two MCCGA festivals throughout the course of the season. The MCCGA Sponsored WGI Regional does count toward one of the required performances.
4. A fee of \$75 will be assessed to attend Circuit Championships which must be received no later than 4 weeks prior to the date of Championships
5. The Executive Board will address exceptions on an individual basis.

VII. CHAMPIONSHIP SEEDING

1. The order of appearance at MCCGA Color Guard Circuit Championships will be determined by the most recent score received by a unit at either a MCCGA festival or WGI Regional. This score will be “progressed” by adding 1.5 points per week, throughout the course of the regular season.
2. The highest score obtained that weekend will be used for the seeding process. If the finals score is lower than the preliminary score, the preliminary score will be the unit’s seed score. If the unit does not advance to finals, their preliminary score will be used for the seeding process.

VIII. ADOPTION OF WGI RULES AND REGULATIONS

The Unit Director of a Full or Limited MCCGA Membership unit will receive, prior to the start of the season, an online copy of the current WGI rules and regulations by which MCCGA abides. These WGI rules and regulations work in conjunction with the MCCGA Rule Book, General Festival Information and Policy Statement. Take note that our timing requirements differ slightly. Refer to Section V above for timing clarification.

IX. INSTRUCTORS CODE OF ETHICS (as state in the WGI Manual)

“The MCCGA feels that it is important to enforce the Instructors’ Code of Ethics. If judges and staff are expected to adhere to a professional code of conduct, then it is appropriate that this standard is exacted from the Instructional community as well.

If undue and unfair pressure is applied to judges through inappropriate behavior, then this places the competitive experience at risk. Examples cited included but were not limited to: instructors shouting at judges in public and/or at critique, inappropriate conduct of any instructor while accompanying the guard onto the festival floor, inordinate and unauthorized telephone calls to judges, or electronic communication that is derogatory to any other MCCGA member unit or a unit’s staff, directors, or members. There is also a growing concern about disruptive behavior in the warm up area, and rude behavior for the performer/staff of one group towards another. Behavior of this type is intolerable and will result in the loss of the privilege that has been violated. For example, instructors could be barred from the arena floor or festival venue or lose the right to use the warm up venue. Addressing this important issue must be a priority for every unit

The managing administrator of the situation will determine the application of the action. The managing administrator in judging issues is the Director of Education. The Festival Director is the administrator in situation pertaining to festival personnel. The Executive Board is the administrator in matters of poor sportsmanship or inter-unit issues.”

Before a unit may attend critique, the unit must have signed up prior to the festival for critique and have listened to the judges' commentary on the cassette tapes provided during the festival. This is evidenced by filling out the Instructor's Critique Sheet provided with the judges tapes and turned in to the Chief Judge at the conclusion of the critique session with that unit. The only exception to this policy is for staffs involved in hosting a festival that day.

X. JUDGES CODE OF ETHICS (as state in the WGI Manual)

AFFILIATION:

A MCCGA judge must disclose any affiliation with any Percussion/Winds unit based on the following definitions:
PRIMARY AFFILIATION: Designer, Instructor, Management or performing member of the competing unit. A judge with a primary affiliation may not adjudicate the class where his/her affiliation exists. There may be rare exemptions to this to be at the discretion of the MCCGA Chief Judge.

Individuals may not be a MCCGA judge if they are still performing in any Winter Guard or Percussion/Winds Line.

SECONDARY AFFILIATION: Any judge who receives compensation from the school, and/or sponsoring organization and any related organization that sponsors or supports the competing color guard i.e. an individual who teaches in the school or who might teach or provide other services for the sponsoring organization as well as any judge, who through family, spouse or significant other who has a primary affiliation as described above. These affiliations will be reviewed on a case-by-case basis. A judge with a secondary affiliation may judge in his/her affiliated class as long as the color guard he/she is affiliated with is not competing at that contest.

CONSULTATIONS: A current MCCGA Judge is not permitted to give any consultation to any unit other than their primary affiliation.

CONDUCT: No judge may display interest or preference toward any competing unit he/she may judge. Wearing a unit's insignia is forbidden. Judges are encouraged to give input regarding the ethical standards of the judging community. This should be handled through the Director of Education and the Executive Board.

INTELLECTUAL PROPERTY Intellectual property is considered property of MCCGA and is to only be used for official MCCGA business. This includes, but is not limited to: MCCGA website and social media pages, Competition Suite account, Board email addresses, membership rosters including unit email addresses etc. Access to these is granted on an as needed basis with approval from the MCCGA President. At no time should any property of MCCGA be used for personal business. At the time a person becomes no longer a member of the MCCGA board, all access and use of intellectual property will be terminated and copies of such property should be destroyed. Anyone using property for personal gain will be subject to disciplinary action up to and including termination of their seat on the board and prosecution if necessary.

APPENDIX A

Classification in the MCCGA will consist of the following class, each reflecting a stage in the learning process: discovering, exploring, knowing, and applying

Novice Class

NOVICE Class ensembles are the newest to the winter Percussion/Winds activity and tend to be very inexperienced and similar to one another in terms of show design and format. This class will allow for the beginner to be nurtured and developed with the beginning skills and qualities as their standard. The primary purpose of this classification is to develop individual training that will assure each student's technical growth. It is also to focus on logic in programs that will allow the performers to reach high achievement. This is intended to discourage those who overwrite in an attempt to be competitive and whose excessive demand on the performers precludes their proper training and development. Ensembles that fit into this classification would be a first year high school ensembles. *If in the future middle schools join the activity, they will be in this class with separate divisions for High School and Middle School.*

SCHOLASTIC NOVICE CLASS: These ensembles tend to be very inexperienced and similar to one another in terms of show design and format.

INDEPENDENT NOVICE CLASS: These ensembles use the same criteria as Scholastic Novice with the exception of the age limit.

Timing: Minimum performance time is 4 minutes; maximum performance time is 6 minutes. Total interval time is 9 minutes.

Winter Guard International Percussion/Winds A Class judging criteria will be used by replacing "Basic " skill descriptors with "Beginning " skill descriptors.

Scholastic B Class

Scholastic B units are still relatively new to the winter Percussion/Winds activity and compete locally in preparation for moving to more regional and national competition. The primary purpose of this classification is to develop individual training that will assure each student's technical growth while preparing for the next level of competitive success. The focus is also on logic in programs that will allow the performers to reach high achievement. This is intended to discourage those overwriting in an attempt to be competitive and whose excessive demand on the performers precludes their proper training and development.

Timing: Minimum performance time is 4 minutes; maximum performance time is 6 minutes. Total interval time is 9 minutes.

Winter Guard International Percussion/Winds A Class judging criteria will be used.

A GUIDE TO JUDGING A CLASS Percussion/Winds ENSEMBLES

A Class ensembles are a unique and special branch of the MCCGA family. These are the younger or less developed participants. Our goal is to assist in their training and development and to reward these achievements in a logical learning progression. To teach these groups with the greatest degree of consistency and success requires a thorough understanding of their level of development and training.

SCHOLASTIC A CLASS is consistently aged 13 through 18. Like most high school students, the ensembles show a tendency to be similar to one another. Their choice of instrumentation, the formatting of their shows, and the depth of their training and skills are comparable in many cases.

INDEPENDENT A CLASS ensembles use the same criteria as the Scholastic A Class with the exception of the age limit. Here is where the beginning student discovers the joy of performing and realizes the sense of achievement as

Timing: Minimum performance time is 4 minutes; maximum performance time is 6 minutes. Total interval time is 9 minutes.

Winter Guard International Percussion/Winds A Class judging criteria will be used.

A GUIDE TO JUDGING OPEN CLASS Percussion/Winds ENSEMBLES

Open Class ensembles are an exciting branch of the MCCGA Percussion/Winds family. They are enthusiastic with a strong desire to grow and explore. They are open and eager to test their skills in a more challenging arena. Most will have achieved the level of training set in A Class and welcome the challenge of greater creativity. There should be sound development in a logical growing progression of challenges while maintaining the premise that growth requires new and additional training.

The average age of Open Class ensembles varies, especially in the Independent Class.

The Scholastic Open Class is where the intermediate student explores new challenge through performance and realizes a greater sense of achievement as each more complex skill is learned. They experience a freedom in their process as creativity takes on a greater importance in their development. There may be a tendency to OVERWRITE in this growing stage. They should maintain strong standards of excellence in these important developing years.

SCHOLASTIC OPEN CLASS is consistently aged 13 through 18. Unlike Scholastic A Class, these ensembles have discovered a much stronger personality and are not usually similar to one another. The depth of their training and skills are still comparable in many cases, primarily due to the similarity of their age and the similar number of hours put into their development. Their programs are often freshly unique and original.

INDEPENDENT OPEN CLASS still contains a wide range of age and some skill difference. Performers within one ensemble can range from 12 to 22 years of age. There is greater consistency in the range of skills and physical development. Programs are unique. A few individuals will demonstrate a high level of skills. Some advanced challenges will exist.

Timing: Minimum performance time is 4 minutes; maximum performance time is 7 minutes. Total interval time is 10 minutes.

Winter Guard International Percussion/Winds Open Class judging criteria will be used.

5. A GUIDE TO JUDGING WORLD CLASS Percussion/Winds ENSEMBLES

World Class ensembles are the standard-setting branch of the MCCGA Percussion/Winds family. These are the innovators of indoor Percussion/Winds who set the direction of the activity through the standards of creative design and performance achievements. They explore new challenges of dexterity, musical, and physical skill within original and unique programs. They are comfortable dealing with abstraction and are strongly influenced by the Arts. Their exploration is the highest level of creative potential. They expect judges to understand and support their creative efforts and be able to make discerning separations between their achievements and those of their competitors. The adjudication within those "works in progress" is more likened to the response of the critic. Judges must have a highly developed sense of all musical and visual techniques as well as design and creative standards.

Our goal is to assist in the fulfillment of their potential and to reward their achievements in a discerning manner, maintaining the premise that those advanced skills require new and sophisticated training. To judge these groups with the greatest consistency and success requires a thorough understanding of their goals.

Here is where the advanced student explores the optimum challenge through widely varied performance techniques, while understanding fully the joy of performance communication and the victory of audience involvement. Those

2023 Percussion/Winds Rulebook

individuals privileged to judge this class are entrusted to recognize, support, and reward the standards and challenges demonstrated within this class while upholding strong standards of excellence.

SCHOLASTIC WORLD CLASS is consistently aged 13 through 18 because of the make-up of the high school arena. Often this class will consist of upperclassmen. Unlike the Independent World Class, these performers are rarely over 18 years of age. The ensembles have strongly defined personalities and are highly creative and unique. They explore innovative program concepts. The depth of their training and skills is strong.

INDEPENDENT WORLD CLASS performers demonstrate a high degree of musical and physical development. They are very experienced and fully trained. Programs are unique and innovative and these components are important at this level. Some very sophisticated challenges will be placed on the performers.

When judging this class, the judge becomes the "critic" and should respect the knowledge of the instructors and designers. Dialogs should be a learning exchange between instructor and judge.

Timing: Minimum performance time is 4 minutes; maximum performance time is 8 minutes. Total interval time is 11 minutes.

Winter Guard International Percussion/Winds World Class judging criteria will be used.

Concert Classes

Concert classes is open only to scholastic units at the A, Open and World class levels (see eligibility rules in the Percussion/Winds Rulebook for participating at the Open and World class levels). This class is designed for those groups whose single emphasis is the exploration and development of musical presentations. Such exploration may involve original musical compositions, or a blend of arrangements to display their development and virtuosity. The expectations of the judge will be different from those of the marching ensemble. In this class, the concert stage will be set to deliver the sound from that single focal point.

Timing: Minimum performance time is 4 minutes; maximum performance time is 6 minutes (A class), 7 minutes (Open class), 8 minutes (World class). Total interval time is 9 minutes (A class), 10 minutes (Open class), 11 minutes (World class)
