Floor Folding:

Floor folding space is available in the Aux North Gym (same as equipment, floor, and prop storage). Please be prepared, as this area is only half of the gym than the performance floor due to the other half being utilized for storage. You will have limited time in the folding area and departure hallway. You should hurry as the next unit may be entering. Please refer to the flow document for further clarification.

Dressing Facilities and Restrooms:

Restrooms are available on site for students to change as needed; however, space is limited. These dressing rooms are located in the hallways where Home Bases are located, please refer to the map. All equipment tips on rifles, flag poles, and sabres must be padded and taped. Any props must be protected so as not to damage the floor. Soft-soled shoes need no added protection. Hard-soled shoes must be taped. Any equipment/props that volunteers feel need to be taped, will be required to be taped.

Music:

We request you upload music to our [Google Drive](#) by 02/28/2024

When uploading the music, please title it with the name of the unit and classification. For example: "Lee's Summit West SRA" and drop it into the appropriate classification folder. We will test the music file on Thursday or Friday before the festival and will email you with any complications we find. If you are not able to upload, all performance music should be delivered to the sound table and be clearly marked as above.

Regardless of your music delivery method, please still come to do a sound check! The sound table is located on the upper level of the gym. Sound check will be provided 1 hour prior to the contest start time and during breaks (at the discretion of the contest director). We will provide a CD player and a 3.5mm Aux Cord. Music should be of good recording quality with CDs marked as to which track. CDs will be ripped to the computer. If using the aux cord, units are responsible for any adapters they may need to connect the aux to a device.

It is encouraged that you have a backup of your music and that a representative from your unit stays with the Sound Engineer during your performance. We are not responsible for any sound errors that may occur.

Warm Up Area:

The Aux South Gym is located next to the Prop/Floor Storage and Floor Folding gym. It will be split into A/B sides, your location is indicated on the warm-up schedule. Please do not utilize other areas of the school to warm-up on equipment prior to your actual warm-up time. If you choose to use music during warm-up, you should bring your own speaker/device and be respectful of the other units warming up in the gym as well.
